

OXFORD FLYING CLUB
MEETING MINUTES

Attendees: Agrizzo, Birtwell, Donofrio, Green, Leary, Lerman, Manning, Soares, Vallillo, Willenbring

General: Meeting called to order at 7:00 PM. Minutes acceptance postponed till next meeting.

Treasurer's Report: Income and balance sheet sent out, it indicates that we are \$12k in the hole due to an error in charging off the insurance premiums. The club is just barely breaking even due to the unexpectedly high expense of the annuals.

Maintenance Report: 84F's ADF has been reported as intermittent. There was discussion regarding external antennas for handhelds in the planes; it is believed 483 currently has one, and if 84F does not, one will be installed.

Safety: No safety meeting.

Membership: A gentleman named Lee Heinrich has responded to one of our posters, he has expressed interest in the club but was unable to attend the meeting. Nothing further has been heard from the attorney from Waterbury or Gary(?) Nalband.

Old Business: Tiedown spaces at Questair will hopefully be ready for occupation this week; notification will be made by e-mail when the places are moved.
Entrees for the picnic on August 4th have been selected.
Bruce Richardson has registered the club for the eastern flights in Flight Across America, these flights will take place in September.

New Business: None brought up.

Adjournment: 8:05 PM

Next Meeting: Tuesday, August 20th, 2002.

Respectfully submitted,

Patrick B. Manning
