| 16 | Reg | Goudy, Jim | | Reg | Pugliese, Jay | | | | |

Guests: Mike Fazio and Jason Feinman

Ed C called the meeting to order at 7:10 pm.

There being no quorum, May minutes and all regular reports were not approved. Board action noted below.

¹ Per By-Laws, quorum = one-third of regular plus non-mentored student members. In the event a quorum is not achieved, or is subsequently lost, the President will determine if a majority of the board is present. If so, then the meeting will become a Board Meeting.

Membership Report:

- Don Heidrich presented the Membership Report.
 - o 28 Regular
 - o 2 Student
 - o 13 Associate
 - o 1 Medical Associate
 - o 44 Total
- See attached.
- One new member voted in by the board: Mike Fazio Welcome!

Treasurer's Report: YTD Net Income of (\$59,905). Reflects, among other expenses, \$5741 upholstery upgrade in 84F, \$10,846 GPS upgrade in 819, and expenses related to the purchase of 62Y. See attached.

- A new bill of \$6,000 for 62Y not yet reflected in report.
- Added money to the prop and engine reserve for 62Y.
- Tracking fuel consumption vs. tach time to determine hourly rate for 62Y. Until it settles out, the rate is \$160/hour.

MX Report: Ed C presented the following for Brian. (Also see attached.)

- Need to know if we are going to continue forward with the ModeS on 84F?
- Need to decide on the GPS updates for 62Y as our planes all expire on 6/28.
 - o I suggest we go with a simple 430W IFR update for now and save the MX20 update for next month's discussion.
 - The MX20 will cost around \$500 for full IFR, and does not include low-airway routes...just AFD.
 - Low airway routes is another \$200.
 - Brian suggests we place the Americas DB (currently in 61H) into 62Y and place the rest of the GNS updates to the Eastern US only. We have yet to see our planes go into Canada, Bahamas, or beyond the Mississippi River.
 - Total GPS costs for an annual IFR subscription on 61H/84F/62Y + VFR on 819 will be around \$1150. We currently pay \$850.
- 61H: Brian changed the oil in the plane over the weekend, our 2nd time. He have found that we will need quite a bit of oil to keep this up so is currently looking for a bulk purchase agreement with a local supplier. He also ran into a problem with the Tempest oil filter that was on the engine. For the extra \$3 he will be going with Champion. No metal found in the filter.
- 819: We are about 25hrs away from the required 100hr AD inspections. He will schedule this with Classic.
- 84F: Still having issues with the door handle.
- 62Y: Had a gear bulb go out. Was able to find some bulbs in 819, only to find out afterward that there is a little pouch in between the pilot and copilot seats where there is a box of spare bulbs. There are currently 4 gear bulb spares GE327 in that box in case it occurs while in flight. Brian has a fire extinguisher on order (\$100). Still need to complete the 100 seat AD on the co-pilot site and hope to address this on Friday.

- These additional items came up:
 - Need 15-50 weight oil for 61Y. Almost out.

Safety: Jay reported Mark Phelps will be our speaker for Safety Day. Mark is columnist for Flying Magazine. Topic TBD. Wings Credit will be given.

Long Range Planning Committee: Ed C reported. Please see the updated LRP Committee Report of aircraft improvement and other development options attached and on the OFC website.

Unfinished Business:

- Plane wash is scheduled for 23 June.
- Pinch Hitter plan. Ron is looking for a date.
- 182RG Change scheduler o remove "instrument rating." (Tell Brian.)
- Safety Day Update Jay, Ron, Max: 14 July.
 - o Speaker to begin talk at 1330 vice 1300.
 - o Menu set.
 - Suggestion was made to have membership packets available for prospects present.
- Jones Beach air show: Make a club activity?

New Business:

- Summer Picnic is set for 11 August at Burt and Molly's.
- Gate N21 key cards issue. Ed C working with Matt to resolve. It's a computer issue.
- The board authorized \$800 for another recruiting mailer.
- Began a discussion about a new category of membership which would allow certain flying
 privileges to Associate Members. Among other considerations, any change must take into
 account safety, fairness, costs, booking privileges, and the desirability of a by-laws change that
 this would entail. Don H provided a very useful matrix to compare the membership types and
 privileges. (Attached.)

Meeting adjourned at 8:30 PM.

Respectfully submitted,

Membership Report Oxford Flying Club

Don Heidrich, June 2012

Membership Changes since March Meeting:

Resigned:

Jerry Pozniak – was Associate

Status Change:

- Phil Feinman Regular to Associate has a Baron
- Joe Bell Student to Associate traveling abroad for Sikorsky

Joined:

- Stewart Rosen Regular, Wolcott
- Jay Weiner Regular, Woodbury, owned 182RG
- Sean Elwell Student, Woodbury PENDING!

Joined and Reneged:

Ken Gumbulevich – used to fly Archers, backed out due to family medical issue

Regular 28
Student 2
Associate 13
Med Assoc 1

Total 44

Prospects:

New:

Jim Trainer - Renewed interest, flies with Diamond but unsatisfied.

From last month, still active:

Volod Kit – ASEL INSTA, interviewed at March meeting, very interested, a matter of timing, works at Double Diamond.

Mike Fazio – Friend of Kent Berwick, possible Mentored Student – Guest – Papprovedo Dan Magnanimo – friend of Jay Pugliese, A&P at Westchester.

Gone Inactive:

Scott Collins - Flies G5's for Pepsi, lives in Brookfield, postcard response, spoke to Burt

Ken Zill - CFII, lives in Bristol, postcard response, spoke to Burt

Mark Stillson – 18, zero time, planning an aviation career with the Navy, Danbury, father Hal is supportive – has now backed off, unsure what he wants to do

DELORME

Long Range Planning Committee Summary, 6/19/2012:

- Most members want to keep costs affordable.
- Prioritize planning decisions to make good use of resources and simplify process:
- o Category (A): Basic upgrades that make the aircraft better and safer 1 year or less
- o Category (B): Recommended but requiring substantially more resources 1-2 years
- o Category (C): Items to add to wish-list; or next aircraft (likely tied to a membership level of 40 regular plus student members); or a 3-4 year time horizon

OFC Long Range Planning Considerations:

- (1) Keep the monthly & usage rates low (A)
- (2) Maintain existing fleet (IFR+, IFR-, VFR/IFR-) & monitor aircraft availability (A)
- (3) Resolve maintenance issues quicker. (Avionics, etc issues require a/c relocation for work) (A)
- (4) Improve location of tie downs. (B)
- (5) Have adjacent storage shed for pre-heater, oil supply, cleaning tools. (B)
- (6) Consider upgrade of ELTs. [\$2Kea] (B)
- (7) Verify aircraft usage with exiting fleet; at year end. (B)
- (8) Store a propane pre-heater in shed near tie-downs. (C)
- (9) Install electric engine heaters in 84F & 819. (C)
- (10) Trade-up to similar but newer before planes reach 10K hrs (C)

Suggested Aircraft Improvements:

62Y (200 hrs/yr; TT 4K hrs; 730 hrs since MOH; remaining 1300 hrs)

Horizontal stabilizer refurbishment [\$2.5K] (A)

Software & data subscriptions for avionics, etc. [\$500] (A)

Propeller overhaul [\$3K] (B)

61H (240 hrs/yr; airframe TT 3K hrs; engine since MOH 1200 hrs; remaining 800 hrs)

Install LED tail beacon [\$1.5K] or underbelly [\$750] (A) [Rescheduled, funds permitting]

LED landing light upgrade [\$320-\$370] (A) [Schedule when existing lamp needs replacement]

Replace compass w/lighted instrument (B)

Electronic AI/DG upgrade with battery backup [\$2500] (C)

84F (180 hrs/yr; airframe TT 6K hrs; engine since MOH 1700 hrs; remaining 600 hrs)

Engine overhaul; @ 2500+- hours? Oil testing? {3 yrs max.} [\$21K] Requires monitoring.

Install collision avoidance avionics [\$5K] (A) [Rescheduled, funds permitting]

LED upgrade tail beacon [\$350] (B)

Exterior Paint - Consider 3+ years from now. [\$18K] (C)

819 (240 hrs/yr; airframe TT 6K hrs; engine since MOH 1200 hrs; remaining 800 hrs)

Exterior paint & corrosion repairs; work-in-progress. [Part of annual inspection] (A)

Corrosion protection per Cessna bulletin; 2 years max. [\$?] (A) [Planned for 2012]

Exterior Paint - Consider 1+ years from now. [\$18K] (B)

Install collision avoidance avionics & upgrade GPS to IFR [\$5.5K] (B)

LED landing light upgrade [\$320ea.-\$370ea.] (C)

Three-four year summary of a/c improvements (A+B+C):

62Y = \$6K (WIP)

61H = \$3.5K (reasonable; also add engine OH 3.5 yrs)

84F = \$40K (engine OH 1-3yrs; consider extending paint job by touch-ups)

819 = \$28.5K (consider extending paint job by touch-ups)
