Safety Report

Associate Member Peter Dawson gave a Safety report on behalf of Safety Officer Leo Mollica.

Refer to Leo's <u>two</u> (2) safety-related e-mails to Club members (2 attached) and Safety report dated October 18 (attached).

Peter said the Safety Committee has not received any CSRs (Confidential Safety Reports) since the last monthly meeting.

Members discussed the Club's Safety Meeting requirement of two Safety Meetings per year. It was agreed that, whenever possible, regular Monthly Meetings should cover a safety-oriented subject and count towards the annual requirement. Further discussion of the Flight Standards Manual was tabled until the next monthly meeting due to time constraints.

Maintenance Report

Maintenance Officer Cody McManama gave a Maintenance Report.

Refer to Cody's e-mail to members (attached), long-form FSP-generated Maintenance report dated October 17 (attached) and aircraft summary, below.

Finance Report

President Landon Sock gave a Finance Report on behalf of Treasurer Curt Robinson.

Refer to Curt's e-mail to Club members (attached) and most recent Monthly Financial Report, dated September 30 (attached).

Landon said our Club finances look good overall, although receivables continue to be a problem. Cash in the Long-Range Planning fund is good, and some will go toward the avionics upgrades for 5GC. With funds in the fuel account accumulating, the fleet-wide fuel surcharge of \$10 / hour was dropped to \$5 / hour in October.

Some changes in the Club's accounting practices may be needed to address the receivables issue. Landon asked members to please pay their dues and flight charges promptly.

Membership Report

President Landon Sock gave a Membership report on behalf of Membership Officer Vaughn Mauren.

Refer to Vaughn's e-mail to Club members (attached).

Proposed Slate of Officers for 2023

In accord with Club By-laws, Activities Chair DJ Nicholson and Nominating Committee Member Bruce Richardson introduced the Committee's "Proposed Slate of Officers and Directors 2023" and led discussion. President Landon Sock reminded members that they are free to propose other slates if they wish. The Nominating Committee's slate (and alternates, if any) will be voted on at the Club's Annual Meeting in November.

Refer to "Proposed Slate of Officers and Directors 2023" dated October 18 (attached).

It was noted that DJ is serving as President of Silver City Flying Club based at Meriden Markham Municipal Airport (MMK) and Robertson Airport (4B8). Silver City uses an ownership model for members. It was agreed that this did not present a conflict with DJ's being on the Slate as Membership Officer for our Club.

Subject: [OFC-Mem] Sept 2022 OFC Financial Report

Hi Club,

Hope things are well with everyone! Attached is the Financial Report for September 2022. Overall, things are still good, but fuel costs overall are still high. To help reflect this, I changed the last column on the middle of the report to reflect what the calculated amount for each hour of flight is for fuel. Compare this number to the actual "fuel" column and see that we're still spending more on fuel that the aircraft rate is covering. We calculate the rate based on the POH posted cruise data, plus the related ground burn. With the average time for a flight being just under an hour, it helps us to come up with the rate, which for most of the fleet is 9gal/hr, and 5GC being higher. Hopefully, they will still continue to come down. Also, recall, the fuel surcharge for flights in October has been lowered to \$5/hr. Happy to review if anyone has a question.

One thing to keep in mind is that the monthly "cash flow total" is a raw income/expense number. Two quick examples where things can be not reflected in the report completely:

- We move the funds related to Initiation Fees directly into an LRP account Sometime, like this
 month, we can bring in a good number of new members. This can make our "income" amount
 look quite high, but we do set those funds aside for the larger upgrade expenses, so what might
 be considered immediate income is actually less by that amount.
- Expenses, especially large MX or other expenses can make our expense numbers look a but skewed. For example, we put a \$9k deposit down on the Aspen upgrade/repair for 5GC. This winds up looking like a major expense, but the funds came from LRP (offset by the previous bullet).

Ultimately, things are balanced so they all keep in line. Just always want things to be transparant with everyone!

Lastly, the Club purchased an electric (battery) tug with the last funds from the 7YT sale. The remaining funds in this account will be transferred to LRP and will not appear on future reports.

Happy to answer any questions. Keep flying!

Fly Safe,

Curt M Robinson, Treasurer Oxford Flying Club treasurer@oxfordflyingclub.com c. 203-450-0111

Dear club,

I won't be able to join you at Tuesday's meeting but I'm pleased to report that our club continues to grow with wonderful new members. Please join me in welcoming Fed Pacheco, Aaron Okarmus and Toni Lorenti!

Our current membership stands at:

Regular: 67 Associate: 37

Medical Associate: 5 Associate Emeritus: 4

Other: 1 Total: 114

With five aircraft on the flight line we are well within our regular membership ceiling of 75. However, there are three more people considering the club. If you know of someone who has put off joining, you might encourage them to contact me sooner rather than later; we keep growing.

Be well and fly safe,

Vaughn
